And that was seen to glisten in the man's eyes; he sat for some moments absorbed in deep thought.

"Let me learn a lesson," he said, "for this child. I have enough, and more than enough; this poor woman has but scanty subsistence: and yet I would not from her to add to my well filled purse. I have toiled all my life, like a slave, and have been too narrow-hearted to enjoy the blessings that I have so diligently toiled for. I will from this moment do better."

A MOTHER'S LOVE.—'Alas, how little do we appreciate a mother's tenderness while living! How heedless are we, of the youth, of all her anxieties! But when she is dead and gone—when all the care and coldness come withering to our hearts—when we experience how hard it is

and true sympathy, how few love us for ourselves, how few will befriend us in our misfortunes when it is that we think of the mother we have lost.

ROADWORK

THE First Session of this Institution will commence

Wednesday Tuesday, the 1st day of March 1853, in the house formerly occupied by Mr. McIntire as a Female Academy. The building is very large and commodious, and before the School opens, the Principal intends so to divide the lot, and arrange the School Rooms, as to have the Male and Female Departments entirely separated. He hopes in this way to secure all the advantages and avoid the evils, that attend mixed schools.

SOUTHWESTERN RAILROAD.—The Cincinnati Railroad Board, consisting of an article on the subject of the extension of the Danville and Lexington Railroad to McMinnville, from which we extract the following:

Among the many roads being made and projected, we regard the Southwestern as entitled to consideration, as it is the last link in a chain of roads connecting Cincinnati and the North with Charleston, Savannah, Mobile, and Pensacola, and in its course passing through the center of Kentucky, Tennessee, Alabama, Georgia, and South Carolina. Upon looking at a correctly designed railroad map, it will be seen that the large and increasing system of railroads in the South, to avoid the mountains of East Tennessee, cross to the south of Franklin, west of the Mountain range, and in Middle Tennessee, where will soon be united the leading thoroughfares of trade and travel from the cities of the Sea and Gulf.

In the North, the great system of roads connects principally from Cincinnati, from whence there are roads making to Danville, in Kentucky. Thus it will be perceived, the two great systems of roads North and South, for the present, terminate at points distant about 165 miles, and from their locality invite a speedy union. The Southwestern Railroad, then, is the link to be forged to perfect the chain, by filling up the space between Winchester, Tennessee, and Danville, Kentucky, which it does without passing across the mountains, but west of and parallel with them.

When this line of Southern connection is completed, the lakes and the sea will be brought together by the most direct and practicable route.

There are thirty counties in Kentucky and Tennessee accessible by the Southwestern Railroad, containing a population, according to the census of 1850, of 252,490 inhabitants, whose present consumption is estimated at five millions of dollars, and whose surplus marketable products of hemp, tobacco, cotton, hogs, mules, horses, and cattle, amounts to eight million five hundred thousand dollars.

The Record remarks that the Southwestern is the most direct road to the Gulf of Mexico. The work will be carried on from McMinnville through Winchester, Tenn., to Gunterville, (Gunter's Landing), and thence to Solina, (Ala.), on one side to Mobile, and on the other to Pensacola.

There is a strong probability that the whole line will be made. Of the Southwestern Railroad, (Danville to McMinnville), there is no doubt. We learn that \$500,000 have been raised for the Kentucky part, south of Danville, and \$825,000 for the Tennessee part, making \$1,325,000 for the whole line. The distance about 162 miles, and with so large a sum to begin, the work can be made. We learn that efforts are made to construct it, by several responsible firms. If the several works above mentioned be made, then there will, in fact, be a continuous line of railroad from Cincinnati to Pensacola, the best harbor on the Gulf of Mexico.

The entire distance from Cincinnati to Pensacola will be 720 miles, which will be run in 30 hours. The charge of freight, which may be made so rapidly and cheaply, will of itself greatly increase the number of passengers and traffic of the road. Passengers might be carried the whole distance from Cincinnati to Pensacola, probably, for \$10. Such a work as that would be the greatest wonder of modern locomotion.

DANVILLE AND KNOXVILLE RAILROAD.—Progress of the Survey.—Major Jos. Foster, of Palaski county, recently returned from Tennessee, bringing with him the most cheering prospects of the Danville and Knoxville Railroad. Major Foster communicated the following letter to the Somerset Gazette:

Mr. Editor:—I suppose it will be expected by the good citizens of Palaski that I should give them such information as I can in relation to the progress of the survey now making on the contemplated railroad from Danville to Knoxville. As I informed you in a former communication, the weather had been so unfavorable and the waters so high, the Engineers were compelled to suspend their operations till the weather should become settled.

At the solicitation of Col. Pritchard when I met him in Knoxville, I accompanied him down the river to London, where we took the cars and went to Dalton, Georgia, a distance of 82 miles in four hours. This is the Southern terminus of the East Tennessee and Georgia Railroad.

As I had never traveled in that way before, nor had even seen a railroad before, you may expect I was highly pleased with my trip, and much gratified with the polite and kind attention paid me by Col. Pritchard, who seemed to take pleasure in giving me all the information I desired on the subject of railroads.

The company of that road, and indeed all on that line, manifest a great interest in the Knoxville and Danville road. T. G. B. Railroad, the President of the E. T. & G. Railroad, assured me that the company would give all the aid in their power to the construction of this road, and would liberally subsidize the same.

At the South seems to be deeply interested in the construction of this road, and look upon it as being of more importance as a

road through the Ohio valley, than any, or all other routes spoken of in that direction.

On Tuesday, 15th instant, the corps of Engineers resumed their survey, and assured me they would progress with the work without delay, all the survey was completed. I cannot state with any certainty when they will be in our county. Their progress will be slow; they take great pains in making the survey, laying all down by measuring and marking with mathematical precision, all the cuts and fills on the whole route. Hence, you may see their progress will be slow.

Col. Pritchard will give us information when he approaches our State, so that we may be prepared to give such material aid and assistance as the case may require.

LATEST FROM EUROPE.

New York, March 28 P. M.

The Franklin from Havre, via Comex, on the 10th inst., arrived at 8 o'clock this evening.

The overland mail from India arrived at London, with dates from Calcutta to Feb. 5th, Bombay to the 12th, and China Jan. 13th.

A new Revolution in Asia is confirmed. The King of Birman had been deposed by his brother.

The English Ambassador had set out for the Capital.

The Australian mail packet A. A. Call had put back for the fourth time. She sprung a leak in the Bay of Biscay, and was only kept from foundering by exertions of the crew and passengers.

A republican demonstration took place at Paris on the 13th, at which nearly twenty thousand men assembled.

At the funeral of Madame Raspail, wife of the celebrated State pioneer, a detachment of cavalry, and an immense police force were present, and prevented any speeches over the grave.

Switzerland is still greatly agitated in consequence of Austrian measures, and it is feared that a collision will take place.

An American lady had been arrested at Herford, charged with having revolutionary pamphlets in her possession. She was direct from America.

The town of Cremona has been placed in a state of seizure, in consequence of a sentinel having been killed.

It is denied that Mazzini escaped on board of an English frigate. He is supposed to be in Piedmont.

Marshall Haynau died at Vienna on the 4th of March.

Advices from China state that the rebellion was making rapid progress.

The January yield at Australia is reported to be larger than ever.

One hundred thousand men were engaged at the various diggings. The average is ten ounces per week. Trade was brisk and prices sustained, except in flour.

Advices from Alexandria state that grain had declined considerably, and that several failures had in consequence taken place.

The prices of grain and flour are falling in the French market.

The Bourse is heavy, as the serious complication between Austria and Switzerland were feared, and the Pope, it was said, had postponed his visit until a later day.

CALIFORNIA NEWS.

New York, March 29.—The Georgia brings 256 passengers.

California is reported healthy, but an immense number of passengers were dying on the passage out.

The Windfall Scout arrived out on the 23d. Forty passengers died on the passage out.

The Golden Gate arrived out on the 19th and 23d died on the voyage.

The ship of war Portsmouth was shortly to sail from Panama to Valparaiso.

The clipper ship Trade Wind, from New York, arrived at Panama on the 24th. She took from the 4th to the 14th the names were extinguished after eight hours labor. She sustained no serious damage.

The Legislature of California was discussing the question of a convention to revise the constitution.

The news from the mines was very favorable. The weather had been quite rainy.

Dates from the Gila to February are received. At San Diego the Indians were quiet.

PROPOSED APPROPRIATION FOR REDUCTION OF TAXES ON NEGROES.

The Board of Managers of the Kentucky Colonization Society are now sending to every precinct in every county in the State, blank petitions calling upon the Legislature for an appropriation of five thousand dollars per year to aid in sending to Liberia such colored persons as may apply to the colonization society for that purpose. It is believed that the public sentiment of the State is in favor of such an appropriation; and the design is that the voters of every county and precinct shall have an opportunity to sign these petitions, and thus make known their wishes on the subject to their representatives in the General Assembly.

For ourselves we are decidedly in favor of the appropriation and trust there will be such an expression of popular sentiment on the subject as will not leave members of the Legislature to doubt or hesitate as to the course they ought to pursue. Whether we regard it as a matter of benevolence towards a degraded and pitiable portion of our population, or as an act of policy looking merely to the welfare of the State (which certainly would be benefited by getting rid of her free negro population) we can scarcely imagine any better use to which a small portion of the public funds could be put.

Kentucky is behind some of her sister States in this matter. Virginia appropriates thirty thousand dollars per year to the removal of her free blacks to Liberia. Maryland, after appropriating \$10,000 a year for ten years past, for the same object in regard to the free negroes within her borders, has recently renewed the appropriation for six years to come. Having proved the thing by experience, she justifies her satisfaction with the result in this most significant form. New Jersey gives \$2,000 per year. Why should Kentucky hold back? Her interest in the matter is surely equal to these States, and her ability to make the proposed appropriation quite as great.

There need be no concern that the money will be wasted, or idle, or be expended in any way not contemplated in the appropriation. Let the general Assembly constitute the Governor, Auditor and Attorney General, a board to draw the money from the Treasury according to the number of emigrants and when they are ready to go. The amount will be \$50 for each adult, and \$25 for each child, to meet the expense of removal. If but few apply to be sent, but little money will be drawn or expended. If enough to consume the whole appropriation, it will be money well expended for the benefit of the Commonwealth, as well as of the negro.—Commonwealth.

The Richmond Messenger states that Col. Wm. Caperton, of that place, has forwarded to the President his resignation of the office of United States Attorney for the District of Kentucky, the duties of which he has discharged with his admitted ability for the last three years.

The child of Wm. Vertrees, of Hardin county, this State, was run off with by a horse. The child fell from the horse and became entangled in the gearing and was dragged for about two miles, being most horribly mangled, from the effects of which he soon died.

THE PRESIDENTS OUTFIT.—Congress has allowed President Pierce a "outhfit" of \$81,800, as follows:

For Repairing the President's Mansion, including cleaning, painting, whitewashing, extending the east wing of offices for carriage-houses, &c., \$7,300; and for heating, ventilating, painting the exterior, painting the walls and ceilings of the rooms, on the first floor, and the purchase of books for the President's library, \$2,500.

For Refurbishing the President's Mansion, to be expended under the direction of the President, in addition to the proceeds of the sale of such of the furniture and equipment of said house as may be out of repair and unfit for use, \$25,000.

MAKE A NOTE OF IT.—A correspondent signing himself "E. B." writing from Washington to the New York Express, and who is understood to be one of its editors, says:

"A footing up of the cost of books for each member of the House of Representatives, makes the expense to the Government only \$800! This is only one of the perquisites. Stationary, newspapers, boxes, the printing of speeches at the expense of \$250 a day, are other items and much better would it be to pay the members in addition to their mileage, a handsome per annum pay in place of the present per diem and all extras. Business would then be done, well done, and done quickly, providing there was no pay when members were absent, except from sickness."

VALUABLE PROPERTY AT AUCTION.

HAVING concluded to remove to Texas, I sell, ON MONDAY, APRIL 18, 1853, being Boyle County Court day,

My Livery Stable.

Situated on Fourth street, near Main, in the town of Danville. Said stable is large, comfortable, and well fitted up, with a good brick building, and fine large Brick Office, all in first-rate repair, with grounds sufficient for all necessary purposes; also, a good new Cistern, which affords plenty of water, and a better location; together with every other necessary and convenience for carrying on the business successfully. The Stable now has an extensive patronage in the way of hiring Horses, Hacks, Buggies, &c., and is a very liberal share of the travelling community. I will also sell at my Stable, at the same time, my entire stock of

Horses, Mules, Hacks, Buggies, &c.

Together with all the apparatus necessary. My Stock, Vehicles, &c., are all in good repair and condition, ready and fit for use. Any person desiring of examining the property, will find on examination and enquiry that a better location is hard to find, and scarcely any can be found possessing the same advantages.

I will also sell at the same time and place,

A neat Family Residence.

Situated near the Stable. Said residence is newly new, with every necessary convenience attached. It is situated in a pleasant part of the town. I will be found at my Stable from this time until the day of sale, and will take pleasure in showing the premises, stock, &c., to any wishing to purchase.

Possession of the Stable given immediately, and of the House and Lot on the 1st day of January, 1854.

Also, will be **HIRED** for the balance of the year, **Three Negro Men**—good and faithful work hands.

The Terms will be liberal, and will be made known on the day of sale.

DESCRIPTION.

St. Lawrence was purchased at Monthu, Canada, in the fall of 1850, and was considered one of the fastest trotting stallions of his age in that country. He is of very gentle disposition, moves finely in harness and racks beautifully under the saddle. He is a dark bay color, has a black mane and tail, and uncommonly large bone and muscle. He will be 7 years old this spring, and is full sixteen hands high. He has several of his colts, and they are all of fine size and action, all trot well, and these from pacing mares, and are and will be, but no liability if any should occur.

HIS splendid Jack, the largest and finest animal of his species ever imported to the United States, is now in fine health and condition, and will make his second season in Kentucky at the stables of Jacob Embury, in the county of Fayette, immediately on the turnpike road leading from Lexington to Richmond, 11 miles from the turnpike place and will serve Jacks at \$50 the season, or \$100 to insure a Jack calf and \$20 to insure a Jennet calf; the money to be paid so soon as the calf stands upon its feet, or the season is parted with. Good blue grass pasturage furnished Jacks gratis, and they will begin if desired on reasonable terms. All proper attention will be paid to Jacks and to prevent accidents or escapes, but no responsibility should either occur.

JACOB EMBURY.

Agent for Col. J. A. Easley, Jr.

Fayette co., March 25.

The Great Castilian. as before remarked, is the largest and universally admitted to be the finest Jacks that has ever been imported into the United States. He was selected in Spain as the finest Jack in the Kingdom, and was landed in this country in May, 1851. He is five years old, of a beautiful black color, 16 1/2 hands high, of remarkably fine form, bone and substance, and combines in him more of the fine qualities of a successful breeder than any animal of his class. Since his arrival in the United States, he has been visited and examined by a large number of persons interested in this description of stock, and their almost unanimous verdict has been that he is a success. The Great Castilian needs no enlarged eulogy, he speaks for himself, and breeders will, of course take occasion to examine him, which they are invited to do.

J. A. EASLEY, Jr.

The Great Castilian will be exhibited at Lexington, on County Court day in April, and at no other place.

METALLIC BURIAL CASES.

THE subscriber would call the attention of the public to the above Cases, as being greatly superior in every respect to the common wooden coffin now in use. For durability, elegance, style of finish, &c., they stand unrivaled, being light and portable, and where ever they have been introduced, they have obtained decided preference over every other coffin. Their neatness and their great convenience render them very desirable, while their cost being but little, if any, above the common wooden coffin, places them within the reach of all. I have a good supply of them on hand, and shall continue to keep them. I also have on hand Silver and Plated Name Plates of every variety. I have a

No. 23, Main street, Danville

THE TRIBUNE.

DANVILLE, KY.
Friday Morning, April 1, 1853.

BY R. PALMER, the American Newspaper Agent, is the only authorized Agent for this paper in the cities of Philadelphia, New York and Boston, and is daily empowered to take advertisements and subscriptions at the rates required by us. His receipts will be regarded as payments. His office is—PHILADELPHIA, N. W. corner Third and Chestnut streets; New York, Tribune Buildings; Boston, Scollay's Buildings.

Our Senator is absent on a business visit to Louisville. Since he left home we have been much pressed with work, and are compelled to leave over until next week several advertisements, communications, &c.

Some friends, we don't know who, has sent us a neat tract on the subject of the Maine Liquor Law, together with the Law itself, and a number of Temperance songs. He has our thanks.

The excellent State Auditor, Thos. S. Page, Esq., has our thanks for a copy of his annual report for the year ending October, 1852. It contains of course a great deal of useful and interesting information.

"THE LAST SUPPER."—This great painting, by Mr. Hunt, was exhibited last evening at the Court House, and will be continued on this and to-morrow evenings. No one should neglect seeing this fine picture, and, as the price of admission is so very reasonable, we suppose no lover of the beautiful will fail to attend the exhibition of it.

PENMANSHIP.—The name of Mr. Sander, as a teacher of Penmanship, is doubtless familiar to many of our readers. He is said to be one of the best and most skillful penmen in the country, and as every lady and gentleman desires to write a "good hand," of course Mr. S. will have a full class in our city. His card will be found in another column.

PARENHOLOGY AND PHYSIOLOGY.—Dr. J. HAYNES, the celebrated Parrenologist is stopping for a short time at the "Batterton House," where he may be consulted by those wishing his services. He comes to our city well supplied with testimonials of his eminent ability as a Professor of Parrenology, and such of our citizens as desire to find out what manner of men they are, and what they are fit for, should give him a call.

NEW STORE AND NEW GOODS.—Messrs S. & E. S. McSWICK, whose advertisement will be found in another column, have removed to our city, and have opened, in the house lately occupied by Mr. Dimmitt, an entire new stock of fashionable Goods, suitable for the approaching season. Their store is to be a permanent one, and as they sell for cash only, we suppose those who deal with them will find their prices exceedingly reasonable. Being strangers in our midst, they desire the people of this section of country to call and see them whether they wish to purchase or not.

NEW GOODS.—G. A. ARMSTRONG is receiving a portion of his spring and summer stock of Goods. His advertisement will be found in another column.

REMEMBER, that the election for Town Trustees is to be held to-morrow. Every one entitled to a vote, should exercise that right, as this election is of much more importance than many seem to regard it. The prosperity, improvement and good order of the town depend to a great extent upon having the right kind of Trustees.

MAD DOG—MAD DOG!—A dog supposed by some to be mad, created quite a panic among a portion of our citizens, on Sunday last, and was finally most triumphantly killed on Monday morning, to the great relief of those who were afraid of getting bit. He was about as mad as dogs generally are when they have the "distemper." Goldsmith has handed down to posterity a poem which we commend to our friend who so valiantly led the charge on Monday last.

There are now before the people two candidates to represent this county in the Lower House of the next Legislature. They are both good Whigs. With Mr. ANDERSON, most, if not all, of the voters of the county are acquainted, and with Mr. LEZ they will doubtless have an opportunity of becoming so before the election. Both of the candidates are our personal and political friends, and of course we will take no part in the canvass as editors of the county paper. As citizens of the county we expect to vote as we see proper, but if any have expected that we would declare our preference through the Tribune, and advocate the claims of the man of our choice, they will undoubtedly be disappointed.

LEGAL BINDING OF RAILROAD SUBSCRIPTIONS.—The Supreme Court of the State of New York has decided that all subscriptions to the capital stock of Railroad companies are binding. The Troy and Boston Railroad Company brought a suit against G. E. Tibbitts, for the recovery of an unpaid balance of a subscription of \$20,000, upon which \$1,000 had been paid. Various technical objections were raised as to the binding of the subscription, but the Court decided in favor of the Company, and ordered a verdict for the plaintiff for \$18,500, and interest from the time the calls were made.

TERRIBLE RAILROAD ACCIDENT.—The cars on the Baltimore and Ohio Railroad ran off the track on Sunday afternoon last, and two cars, containing forty passengers were thrown down an embankment one hundred feet. A despatch gives the following list of the killed: Mr. Holt of Baltimore, Aurelius Julie, supposed from S. C., Louis Deliner, French emigrant returning home from California, Richard Clayton, from Willsburg, Va., a young lady and middle aged gentleman, supposed to be from Kentucky, a small boy, a step son of Mr. Murray, supervisor on the road; a child of Mr. Geise, of St. Louis, on his way to New York; Mr. Geise and lady are much injured, and with their three other children are at Cumberland. Calvin Sanders, of Shelby county and Dr. Cadwallader, of Louisville, together with a number of other persons, were severely wounded.

G. W. COLLINS, has one of the finest and handsomest stock of Lamps, Water Coolers, Japanned Ware, &c., we have ever seen. See advertisement.

THE VICE PRESIDENT SWORN IN.—An extract from a private letter to the New Orleans Pirayune, gives the information that, on the 4th of March, Mr. King was sworn in as Vice President of the United States. The oath was administered by Consul Rodney, near Matanzas. A large number of natives witnessed the ceremony, and as they stood with their heads uncovered, many a heart felt "God be with you," broke from their lips. This is the first time in the history of the Republic that a man chosen to so high an office has been sworn in in a foreign land.

MR. HARLAN DECLINES.—We learn from the Frankfort Commonwealth that Hon. James Harlan, recently selected by the Whigs of the Ashland District as the man to beat the Hon. John C. Breckinridge for Congress, declines making the race. The convention will re-assemble on Tuesday.

Speaking of Mr. Fillmore and his Administration, the Alabama Tribune, an able Democratic print, says: "We feel for him much respect, without warmth, and are glad to write on the last week of his Administration the best compliment we know of—that he has done nothing for himself, but all for the duties he was entrusted with." This is in pleasant contrast with the censorious spirit of some of the Democratic papers.

The Maysville Express states, that the Judge of the County Court of Mason has appointed a special patrol of fifteen men, for the prevention of the escape of runaway slaves.

A correspondent of the New York Courier and Enquirer states that the Hon. John C. Breckinridge has been offered the appointment of Governor of one of the territories, which he declined.

LATEST FROM LIBERIA.—Letters have been received from the Rev. Bishop Scott, who left Baltimore last fall to visit the Methodist Missions in Liberia. The Bishop arrived at Monrovia on the 5th of January, in good health, which continued up to the 12th of that month, when the bishop was about to leave Monrovia for Cape Palmas; and he would probably be absent one month on that tour. The bishop says—"I am much pleased with Monrovia. The people have done wonders; all things considered." The passengers who went out in company with the bishop enjoyed excellent health and continued so when the advices left. Rev. Plinio Hunt died since our last accounts.

LEXINGTON AND BOWLING-GREEN RAILROAD.—The Commissioners of the Lexington, Harrodsburg and Bowling Green Railroad have been notified to meet at Lebanon, Marion county, on to-morrow, for the purpose of organizing the company.

The road proposed will connect the Lexington and Danville, and the Nashville and Louisville railroads, and thus form a continuous line of railroad from Covington to Nashville and thence to Memphis. It is estimated that 70 miles will make this connection.

The great question "have we a Bourbon among us?" is still distressing many of our brethren of the press, and remains undecided. It is quite certain, however, that we have the "Bourbon among us," (sometimes nick-named old Bourbon), and the Temperance folks are trying to put him out.

SUSPENSION BRIDGE.—The work on the Newport and Covington iron suspension bridge has been commenced.

CURRENCY DEBASEMENT.—The new silver coin, the weight of the new silver coinage, authorized by the recent act of Congress, which goes into operation in June next, as compared with that coinage since the passage of the act in 1837, is as follows:

	Act of 1837.	Act of 1853.
Silver Dollar	412 1/2 grains.	No change.
Half dollar	206 1/4 "	192 grains.
Quarter "	103 1/8 "	96 "
Dime "	41 1/4 "	35 4/5 "
Half dime	20 3/4 "	17 7/8 "

The bill for the coinage of small silver coin of a reduced rate has been approved by the President. It goes into operation on the first of June next.

The Washington Republic of last week says: We understand that one hundred and sixty clerks employed in the Custom office, were all yesterday dismissed, except some half dozen.

The New Orleans papers of the 19th, contain later news from Mexico.—Santa Anna has accepted the Presidency, and would arrive at Vera Cruz by the 1st of April.

LYNN BOYD.—It is pretty well understood in his district that the Hon. Lynn Boyd will not again be a candidate for Congress.

ARCHIE DIXON.—We learn from a late number of the Henderson Courier, that the Hon. Archie Dixon has so far improved in health as to be able to ride out.

Private letters received at Washington confirm the telegraph: accounts of the discovery of gold in the Cherokee nation. Four hundred persons were already at the mines, and were realizing about one fourth of an ounce of gold per day.

A letter from Washington, in the Richmond Enquirer, says: Jas. Shields, Senator from Illinois, is to go Minister to Russia, and W. A. Richardson, of the House is to take Shields' seat in the Senate next winter, by appointment from the Governor of Illinois.

We have noticed in our exchanges a large amount of "Washington Gossip"—speculating as to who will receive appointments under the new Administration. We prefer to wait until the appointments are really made by the President, rather than fill our columns with such unreliable stuff.

Mr. Fillmore has not yet left Washington on his Southern tour, having been detained by the illness of Mrs. Fillmore.

Robert Graves, Esq., and Capt. Jno. A. Springer, are candidates for the Legislature in Pulaski county.

Shelby county has seven candidates for the House of Representatives. Good supply, that.

We learned last week that the venerable Ex-Governor Metcalf was lying very ill at his residence in Nicholas County.

BOYLE COUNTY.—It appears from the report of the Auditor that there are 1,119 white male persons over 21 years of age in this county, being an increase of 50 since the report for 1851.

A CHANGE.—A Washington correspondent of the Columbia, (S. C.) South Carolinian, says the Palmetto Armory, built to manufacture arms to fight the General Government, has received a contract from the War Department to make arms from Uncle Sam.

FUGITIVE SLAVES.—The Detroit Free Press states that a woman with eight children, fugitives from Kentucky, passed over the river on Wednesday.

Gov. Powell has appointed W. S. Rand, now resident in New York, as agent for this State at the "World's Fair" to be held in that city in May next.

Judge of the Supreme Court.—The telegraph announces the appointment of John A. Campbell, of Alabama, as one of the Justices of the Supreme Court of the United States, to fill the vacancy occasioned by the demise of Judge McKinley. Mr. Campbell is represented as an anti-compromise Democrat, of the Quitman and Jeff. Davis school.

The man, Spring, who was arrested for the murder of the two females in Philadelphia a few days ago, has been tried and convicted. The principal witness against him was his own son, to whom he had revealed the murder. It is said that when the testimony for the Commonwealth was closed, Spring's counsel recommended to him to confess his guilt, assuring him that his case was hopeless. When the verdict was rendered, the prisoner manifested great indifference, and even took off his hat and cheered as the officers were taking him from Court. The immense throng of spectators manifested their satisfaction at the verdict by terrific groans, as the wretch was hurried back to prison.

STEAMSHIP DISASTER.—Galveston Bay, Texas, March 23.—The steamers Neptune and Farmer, while racing from Houston to Galveston, the latter exploded killing the Captain, clerk, second engineer and 13 of the crew. About 20 passengers were also killed. Most all of the ladies were saved.

To the Voters of Boyle County.

In order to correct mis-statements in regard to my position, and to obviate any misunderstanding of my views, I deem it alike due to the public and myself to publish this card.

In becoming a candidate to represent Boyle county in the next Legislature, I did so at the solicitation of many personal and political friends in different portions of the county, without any wish on their part, or any intention on my own to run as the exponent of any particular notions of a local or moral character. I am not the candidate of any party or meeting, and will not be. My policies are known to be Whig. If I shall be chosen for the office to which I aspire, I shall be the representative of the whole county, and not of any particular portion of the same. I shall, if elected, obey any instructions of the people fairly given in regard to any local or general question, and if they are in conflict with my sense of duty, I shall resign my seat. I have not, and will not give pledges to carry out vague, indefinite and general views of any moral reform movements, regarding such moral reform movements as having no legitimate connection with politics. I do not feel it my duty, and will not give pledges to public meetings, as to my legislative action in regard to such matters. My character and conduct as a citizen and representative of the county are the best pledges to all men that I will fairly, honorably, and to the best of my ability fill the office of representative of the people, and be governed and influenced by those views which in my judgment will best promote the interest of the county.

In regard to the resolutions passed in January last by a meeting of the friends of Temperance Reform, in the court house in Danville, I cannot and will not pledge myself to carry out the views of that meeting, contained in those resolutions. If instructed by the people, at the polls, upon this or any other measure, I will obey the will of the majority, or resign my seat if they instruct me to vote for measures which I could not conscientiously sustain.

I say again, I cannot and will not pledge myself to any meeting to carry out their views upon questions of moral and local character. As well might any religious denomination in the county meet together and compel me as a candidate to pledge myself to vote for a law to enforce their particular tenets of religion. I will so act, if elected, as best to promote, in my judgment, the interests of the county and State.

I can promise the people that I will discharge my duty in the event of an election to the best of my ability. I am for whatever I may regard as best for the constituency which I should represent. I am grateful to those who have so kindly tendered me their support, and I shall ever hold them, as well as those who may sustain me in this election in the most grateful remembrance.

W. C. ANDERSON.

To the Voters of Boyle County.

FELLOW-CITIZENS:—My name having been frequently mentioned in connection with the position of a candidate to represent you in the next Legislature of Kentucky, and a call to that effect from a portion of you having been published in the Danville paper, various contradictory reports have gone into circulation in reference to my position in the matter. I deem it advisable, therefore, to publish this card, in order that you may at once know where I stand.

I am a candidate. With many of you I am unacquainted, although brought up and educated in your county. Let me say to you, then, that in taking the position I do, I am actuated by no ambition for office. Nothing but a deep interest in the welfare of our county and State has induced me to comply with the urgent solicitations of my friends and consent to ask your suffrage.

I am a Whig, and hold that the people have a right to demand of the candidate soliciting their support, his opinions upon any question or measure, political, moral or local, not inconsistent with the constitution of the State or the Union, and that the people should not be required to instruct him by a distinct and separate vote on each and every subject of legislation, not strictly political, which may present itself during the session.

I hold that the Representative belongs to the people—not the people to him—and that when he presents himself as a candidate, they have a right to demand of him his views in any way they may think best, upon any or all questions of legislation affecting the common good.

I believe in and acknowledge the right of instruction, but consider it carried out in the most convenient and proper way by selecting a man whom you know to be favorable to your measures, and who will do your work to the best of his ability.

I am not the candidate of any public or private meeting; but come out in accordance with my own views of duty and the solicitations of friends of both great political parties, who desire a candidate who will tell them what he is for when called on.

I am opposed to the system of electioneering with money or liquor. As soon as business will permit, I will endeavor to form the acquaintance of my fellow-citizens, and talk with them about the interests of our county. Until I shall be able to do this, I hope you will not make up your opinions from rumors or unauthorized reports. Let me become known—learn my views—and if, after having ascertained my true position, you desire me to represent you, please say so at the polls. If elected, I will honestly endeavor to discharge my duty in such a manner as will best promote the interest of the whole county, and cheerfully submit my acts to the judgment of my fellow-citizens.

GEO. F. LEE.

MARCH 28, 1853.

The following gentlemen will be supported by Many Voters for Town Trustees: John Tompkins, Dr. Joseph Smith, W. R. Orear, G. A. Armstrong, Dr. T. R. Dunlap, John L. Smith, and Charles Henderson.

ILLINOIS.—The late law in Illinois relative to the blacks is producing a good deal of excitement both in and out of the State. A gentleman writing to Chicago for one of the papers says it will not be regarded in the least in Northern Illinois. It provides that all blacks and mulattoes that enter the State and remain there ten days shall be liable to a fine of fifty dollars, and if they do not pay the fine, they are liable to be sold as slaves. It allows likewise slaveholders to enter the State without losing their ownership. The Southern part of the State has been always inclined towards slavery, being mostly settled from the neighboring slave States, while the northern part has more of a New England origin.

DREAFUL DESIGN.—The Angelica Reporter corrects a misapprehension in regard to the motive which inspired the two men convicted in Allegheny county of placing obstructions on the track of the Erie Railroad, and assigns one almost too horrible for belief. The facts elicited by the evidence showed conclusively that there was no animosity existing on the part of the two individuals against the company, or that there was the least cause of complaint against the company; but that it was a preconcerted plan to throw the Express train from the track for the purpose of robbing the passengers! in the general melee.

DIED.—In this county, on the 24th ult., SUSAN BUCKNER, daughter of Mr. Thos. HERTSMAN, aged about 6 years. "Sisterly flowers that bloom, Are earliest gathered to the tomb."

AUGUST ELECTION—1853.

We are authorized to announce Hon. W. T. WARD a candidate for reelection to Congress from this (4th) District.

We are authorized to announce Mr. G. F. LEE, as a Whig candidate to represent Boyle county in the next Legislature.

We are authorized to announce W. C. ANDERSON, Esq., a candidate for reelection to the Legislature from Boyle county.

MAY ELECTION—1853.

We are authorized to announce Mr. Thos. P. YOUNG, a candidate for reelection to the office of Constable in the 3d district of Boyle county at the ensuing May election.

We are authorized to announce PAUL J. DUNPHY, the present incumbent by appointment, a candidate for election to the office of Constable of the 4th District, at the ensuing May election.

We are authorized to announce Mr. GEORGE YEISER a candidate for Constable in the 4th district of Boyle county at the ensuing May election.

We are authorized to announce Mr. ARNER H. OWINGS a candidate for Constable in the 4th District, at the ensuing May election.

We are authorized to announce NATHAN W. PIERCE a candidate for Constable in the Second District of Boyle county, at the ensuing May election.
